SUMMARY

Frontend Developer with 3 years of experience crafting responsive and dynamic user interfaces. Proficient in HTML, CSS, Bootstrap, Tailwind CSS and JavaScript, with expertise in JS frameworks like Vue.js. Skilled in client communication and teamwork to deliver pixel-perfect designs and seamless experiences.

EXPERIENCE

Front-End Developer

Rubico IT Private Limited

March 2022 – May 2025, Dehradun

- **Collaborated** with cross-functional teams to gather project requirements, identify challenges, and propose actionable solutions, leading to the on-time delivery of **10 projects** with a 99.9% client satisfaction rate.
- Designed and developed responsive, pixel-perfect web applications using **HTML, CSS, Bootstrap, SASS, JavaScript, Vue.js**, and **integrated RESTful APIs** to enhance functionality, achieving seamless performance across devices.
- **Diagnosed and resolved** technical issues, optimizing **API calls**, improving performance, reducing troubleshooting time, enhancing system stability for over 1Lakh+ users.
- **Implemented version control** using **Git** for collaborative development and **CI/CD** pipelines to streamline code deployment processes, ensuring high-quality releases.
- **Mentored junior front-end developers** through hands-on training, code reviews, and API integration best practices, resulting in improved team productivity and reduced onboarding time.
- **Enhanced UI/UX** with advanced frameworks and libraries, **integrating third-party RESTful APIs** to increase user engagement metrics and boost functionality.
- Delivered over **10 technical presentations** and project demonstrations to stakeholders and cross-functional teams, effectively **communicating** complex concepts and driving alignment on key project objectives.

PROJECT

Freedom Fight

Rubico IT Private Limited

- **Description** – A transformative, no-cost porn recovery program that combines the power of brain science, clinical practices, and biblical wisdom to guide individuals in overcoming addiction and reclaiming their lives.
- **Responsibilities** – Engineered the front end of responsive web applications using **HTML, CSS, SCSS, Swiper.js, Ionic**, and **Vue.js**, resulting in a **30% improvement** in cross-device performance and a **notable increase** in user engagement.

KindBlock

Rubico IT Private Limited

- **Description**– A blockchain-based donation platform featuring immersive audio and video campaign stories to enhance transparency, build donor trust, and showcase real-time donation progress using intuitive visual components and interactive storytelling.
- **Responsibilities**– Built responsive and modular front-end architecture using **Vue 3, TypeScript, Tailwind CSS**, and **Swiper.js**. Implemented key features including **media autoplay logic**, **countdown timers**, **mute/unmute controls**, **animated donor lists**, and **device-agnostic UI layouts** to deliver a seamless user experience across platforms.

SIL ChatBot

Rubico IT Private Limited

- **Description**– A scalable chatbot solution leveraged by over 10,000 monthly users to enhance sales, optimize customer support, and automate engagement across digital platforms.

- **Responsibilities**- Developed the front end of web applications using modern technologies, including **HTML**, **CSS**, **SCSS**, **Bootstrap**, and **Angular's pre-built components**, delivering responsive and user-friendly interfaces.

Business Connect

Rubico IT Private Limited

- **Description**- An e-commerce platform for essential water treatment, filtration, and sanitation products, benefiting **10,000+ households** in developing countries and improving access to vital resources.
- **Responsibilities**- Built the complete front end using **HTML**, **CSS**, **JavaScript**, and **WordPress builders** like **Elementor** and **Divi**, ensuring **responsive design**, **cross-browser compatibility**, and an optimized user experience across mobile and desktop platforms.

EDUCATION

Bachelor of Technology

Minor in Computer Science · Amrapali Group Of Institutes · Haldwani · 2022 · 7.2

SKILLS

Development: HTML, CSS, SASS, JS, RESTful APIs, Axios

Libraries: Bootstrap, Swiper.js, Slick, GSAP, Masonry, Tailwind CSS, MDB Bootstrap, Vuetify

Frameworks: Vue.js, Angular

Tools: Git, NPM, PostCSS, Dev Tools, Codepen, Responsively, LottieFiles, Webpack, ESLint
